Thread Direction:

Right-hand all ends

Flow Control Device:

Disk

Valve Operation Method:

Automatic

Connection Type:

Threaded internal pipe 2nd end

Thread Size:

3.000 inches 1st end

Special Features:

Halon 1301

Material:

Copper alloy body

Style Designator:

Straight thru

Thread Series Designator:

Npt 2nd end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
