Flange Diameter:

11.000 inches

Bonnet Type:

Outside screw-yoke

Bonnet Attachment Method:

Bolted

Bolt Hole Quantity:

8

Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Valve Size:

5.000 inches

Stem Type:

Rising

Face To Face Distance:

15.000 inches

Flange Face Design:

Raised

Inlet Relationship With Outlet:

Identical

Pressure Class:

300.0 pounds

Material:

Steel uns j03002 body

Material Specification:

Astm a216 grae wcb assn standard single material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500a0
