# Flange Diameter:

16.000 inches

## Bonnet Type:

Outside screw-yoke

# **Bonnet Attachment Method:**

Bolted

## **Bolt Hole Quantity:**

12

# Valve Operation Method:

Manual

# Connection Type:

Flange, round w/holes

#### Valve Size:

10.000 inches

## Stem Type:

Rising

## Face To Face Distance:

13.000 inches

# Flange Face Design:

Raised

# Inlet Relationship With Outlet:

Identical

#### Pressure Class:

150.0 pounds

# Material:

Steel uns j91150 disk

#### **Material Specification:**

Astm a217 ca15 assn standard single material response disk

#### Shelf Life:

N/a

# Unit Of Measure:

---

# Demilitarization:

No

# Fiig:

A500a0
