Fluid Valve Stem - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-276-3517

Valve Type For Which Designed:
Angle
Features Provided:
Rising stem and threaded
Valve Size For Which Designed:
5.000 inches
Stem Actuating End Type:
Threaded externally
Valve Model Number For Which Designed:
No 153f1
Material:
Steel comp 410
Material Specification:
Astm aisi 410 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A503z0
