Valve Type For Which Designed:

Angle

Features Provided:

Rising stem and threaded

Valve Size For Which Designed:

5.000 inches

Stem Actuating End Type:

Threaded externally

Valve Model Number For Which Designed:

No 153f1

Material:

Steel comp 410

Material Specification:

Astm aisi 410 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503z0
