Tempurature Rating:

850.0 degrees fahrenheit

Pressure Rating:

800.0 pounds per square inch

Material:

Steel comp 420

Material Specification:

Qq-s-766, class 420, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
