Thread Direction:

Right-hand all ends

Disk Loading Method:

Spring

Valve Operation Method:

Automatic

Connection Type:

Threaded internal pipe all ends

Mounting Position:

Horizontal or vertical

Thread Size:

1.250 inches all ends

Special Features:

Cracking psi is 5.0

Material:

Steel body

Media For Which Designed:

Oil single response

Style Designator:

Straight thru

Thread Series Designator:

Npt all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
