**Valve Type For Which Designed:**

Angle

**Valve Size For Which Designed:**

6.000 inches

**Stem Actuating End Type:**

Threaded externally

**Valve Model Number For Which Designed:**

B-142-e

**Material:**

Nickel alloy 400

**Material Specification:**

Qq-n-281, class a federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A503z0
