Valve Type For Which Designed:

Directional control linear

Port Quantity:

4

Valve Design Control Activity:

78062

Special Features:

Designed for eight valves

Material:

Aluminum alloy

Material Specification:

Qq-a-225/8, 6061-t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A518e0
