Valve Type For Which Designed:

Angle

Valve Size For Which Designed:

4.000 inches

Stem Actuating End Type:

Threaded externally

Valve Model Number For Which Designed:

B-142-e

Material:

Nickel alloy 400

Material Specification:

Qq-n-281, class a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503z0
