Fluid Valve Stem - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-298-2263

Valve Type For Which Designed:
Angle
Valve Size For Which Designed:
4.000 inches
Stem Actuating End Type:
Threaded externally
Valve Model Number For Which Designed:
B-142-e
Material:
Nickel alloy 400
Material Specification:
Qq-n-281, class a federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A503z0
