Thread Direction:

Right-hand all ends

Flow Control Device:

Poppet

Connection Style:

Plain, optional end (pipe) 2nd end

Valve Operation Method:

Automatic

Connection Type:

Threaded internal pipe 2nd end

Mounting Position:

Horizontal or vertical

Valve Size:

0.500 inches

Thread Size:

1.000 inches 1st end

Material:

Copper alloy body

Style Designator:

Straight thru

Thread Series Designator:

Npt all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
