Overall Length:

2.341 inches

End Application:

Part number 3002265-1 oil pressure and regulating valve; atf3-6 engine hu-25a aircraft

Largest Outside Diameter:

0.360 inches

Valve Type For Which Designed:

Regulator

Features Provided:

Threaded

Stem Actuating End Type:

Slotted

Special Features:

Stem has various configurations including packing groove 0.099 in. Wide; 0.057 in. Depth

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503z0
