**Tempurature Rating:**

200.0 degrees fahrenheit

**Pressure Rating:**

80.0 pounds per square inch

**Material:**

Aluminum alloy 6061 and rubber synthetic

**Material Specification:**

Qq-a-225/8, alloy 6061, 0 federal specification single material response

**Media For Which Designed:**

Oil

**Style Designator:**

Plain

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539y0
