Tempurature Rating:

200.0 degrees fahrenheit

Pressure Rating:

80.0 pounds per square inch

Material:

Aluminum alloy 6061 and rubber synthetic

Material Specification:

Qq-a-225/8, alloy 6061, 0 federal specification single material response

Media For Which Designed:

Oil

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
