Tempurature Rating:
200.0 degrees fahrenheit
Pressure Rating:
80.0 pounds per square inch
Material:
Aluminum alloy 6061 and rubber synthetic
Material Specification:
Qq-a-225/8, alloy 6061, 0 federal specification single material response
Media For Which Designed:
Oil
Style Designator:
Plain
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A539y0
