Flange Diameter:

6.000 inches

Bonnet Type:

Packing retaining

Valve Operation Method:

Manual

Connection Type:

Flange, round w/o holes

Valve Size:

6.000 inches

Stem Type:

Nonrising

Face To Face Distance:

14.000 inches

Flange Face Design:

Plain

Inlet Relationship With Outlet:

Identical

Pressure Class:

150.0 pounds

Material:

Steel body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500a0
