Stop-check Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-324-5314

Flow Control Device:
Poppet
Bonnet Type:
Exposed spring
Bonnet Attachment Method:
Bolted
Valve Operation Method:
Manual
Connection Type:
Flange all ends
Special Features:
Item has poppet instead of disc
Material:
Stainless steel body
Style Designator:
Straight thru
Reference Number Differentiating Characteristics:
Magnetic permeability shall not exceed 2.0 after fabrication
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A530b0
