**Flow Control Device:**

Poppet

**Bonnet Type:**

Exposed spring

**Bonnet Attachment Method:**

Bolted

**Valve Operation Method:**

Manual

**Connection Type:**

Flange all ends

**Special Features:**

Item has poppet instead of disc

**Material:**

Stainless steel body

**Style Designator:**

Straight thru

**Reference Number Differentiating Characteristics:**

Magnetic permeability shall not exceed 2.0 after fabrication

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A530b0
