Body Material:

Steel, corrosion resisting, qq-s-763, class 302, 303, 304, 305, 310, or 316

Body Style:

Straight thru

Flow Control Device:

Disk

End Connection Quantity:

2

Regulation Type:

Manual single stage

Manual Control Method:

Knob

Maximum Inlet Pressure Rating:

3000.0 pounds per square inch

Tempurature Rating:

250.0 degrees fahrenheit

Special Features:

Valve size 0.156 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
