Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-338-7512

Body Material:
Bronze, astm b61
Body Style:
Straight thru
First End Connection Type:
Plain face flange
First End Style Designator:
Plain
Second End Relationship With First End:
Identical
Flow Control Device:
Disk
End Connection Quantity:
2
Valve Stem Design:
Double seat
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
