Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Valve Size:

12.000 inches

Inlet Relationship With Outlet:

Not identical

Pressure Class:

150.0 pounds

Material:

Steel comp 316 body

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0
