Bonnet Type:

Inside spring

Bolt Hole Quantity:

8 all ends

End Application:

Misc parts fill sys for cvn-68

Flange Shape:

Round with holes all ends

Connection Type:

Flange all ends

Bolt Hole Diameter:

0.750 inches all ends

Bolt Circle Diameter:

7.500 inches all ends

Material:

Steel body stainless steel flow control device stainless steel seat stainless steel stem

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
