Thread Direction:

Right-hand 1st end

Flow Control Device:

Poppet

Connection Style:

Plain (pipe) 1st end

Valve Operation Method:

Automatic

Connection Type:

Threaded external pipe 1st end

Mounting Position:

Horizontal or vertical

Thread Size:

0.125 inches 1st end

Special Features:

Body length of 2526729 modified to partially expose valve core

Material:

Copper alloy body

Style Designator:

Straight thru

Thread Series Designator:

Npt 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
