Flow Control Device:

Disk

Connection Style:

Plain (screw-in cartridge) all ends

Valve Operation Method:

Automatic

Connection Type:

Unthreaded cartridge all ends

Mounting Position:

Horizontal or vertical

Opening Pressure Setting:

4.0 pounds per square inch

Material:

Steel body

Style Designator:

Screw-in cartridge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
