Flow Control Device:

Stem

Valve Operation Method:

Automatic

Body Material:

Copper alloy

Body Material Specification:

Qq-n-281 federal specification single material response

Seat Material:

Nickel alloy

Stem Material:

Nickel alloy

Seat Material Specification:

Qq-n-281 federal specification single material response

Err Default:

Err default

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A502c0
