Body Material:

Steel, corrosion resisting or brass or bronze

Body Style:

Drop-in cartridge

End Connection Quantity:

1

Temperature Adjustability:

Adjustable

Thermostatic Element:

Integral w/valve

End Application:

Sh-60f acft

Temperature Rating:

265.0 degrees fahrenheit

Fsc Application Data:

Radiator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A21100
