Flow Control Device:

Disk

Bolt Hole Quantity:

4 all ends

Valve Operation Method:

Automatic

Flange Shape:

Round with holes all ends

Connection Type:

Flange all ends

Mounting Position:

Horizontal

Outside Diameter:

5.000 inches all ends

Thickness:

0.062 inches all ends

Bolt Hole Diameter:

0.625 inches all ends

Bolt Circle Diameter:

4.500 inches all ends

Flange Face Design:

Plain all ends

Special Features:

Swing check type

Material:

Stainless steel body

Style Designator:

Straight thru

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
