Flow Control Device:

Needle

End Application:

2320-01-318-9902 het (heavy equipment transporter)

Product Name:

Wheel valve

Special Features:

0.12 npt tank valve port; tire operating pressure 100 psig; ambient temperature range is -50f to +120f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
