End Application:

F-15 servo cylinder test set

Valve Quantity:

4

Special Features:

Consists of the following major components: (2) manifold, modular stackable, pressure control, p/n 87730078-001; (2) cap, control, p/n 87562055-001; (2) tube, drain inter- connect, p/n 87882006-001; (1) tube, drain interconnect, p/n 87882006-002; (7) tube, manf interconnect, p/n 87882007-001; (2) tube, manf inter- connect, p/n 87882007-002; (1) valve, solenoid assembly, p/n 875003120101; (1) valve, solenoid assembly, p/n 87500312-102; (4) orifice, 1/16-27npt plug, p/n 87744001-003; (2) valve, seat, 1-1/2, 5 psi, p/n 84001845-004; (2) valve, seat, 1/2, 5 psi, p/n 84001845-001; (2) valve, pressure reducing, p/n 84001769-001; (2) restrictor, flow, 1.5 gpm, p/n 84000726; (10) plug, csk hex hd, pipe, p/n an932-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
