**Body Material:**

Steel, corrosion resisting

**Body Style:**

Straight thru

**First End Connection Type:**

Threaded internal pipe

**Second End Relationship With First End:**

Identical

**Flow Control Device:**

Disk

**End Connection Quantity:**

2

**End Application:**

Valves, nonpowered

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A21100
