Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-372-6092

Body Material:
Steel, corrosion resisting
Body Style:
Straight thru
First End Connection Type:
Threaded internal pipe
Second End Relationship With First End:
Identical
Flow Control Device:
Disk
End Connection Quantity:
2
End Application:
Valves, nonpowered
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
