Body Material:

Iron, ductile

Flow Control Device:

Poppet

End Connection Quantity:

3

Mounting Facility:

Bolts

Temperature Adjustability:

Not adjustable

End Application:

Onboard 378 ft whec fram coast guard vessels

Tempurature Rating:

120.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
