Flow Control Device:

Disk

End Application:

40k gal wtr stor & distance sys

Valve Operation Method:

Manual

Mounting Position:

Horizontal

Valve Size:

2.000 inches

Face To Face Distance:

4.750 inches

Material:

Copper alloy body

Material Specification:

Astm b 62 assn standard all material responses body

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530b0
