Flow Control Device:

Disk

Disk Loading Method:

Spring

Valve Discharge Flow Rate:

30.0 pounds per hour

Valve Operation Method:

Automatic

Mounting Facility:

Threaded fastener

Adjustable Pressure Range:

+2000.0/+5000.0 pounds per square inch

Special Features:

Cartridge type valve, screw adjustment

Material:

Rubber butadiene-acrylonitrile class nbr body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
