Flow Control Device:

Disk

Connection Style:

Plain (tube) all ends

Valve Operation Method:

Automatic

Connection Type:

Unthreaded internal tube all ends

Mounting Position:

Vertical

Outside Diameter Tube Accommodated:

1.000 inches all ends

Special Features:

Swing check type

Material:

Steel body

Style Designator:

Straight thru

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
