Valve Cap - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-390-7710

Overall Length:
3.620 inches
End Application:
Special aircraft and engine tool and support equipment and parts
Special Features:
Cover, fuel valve assembly, engine test assembly gts/apu mk2/mk4 adapter assembly
Material:
Aluminum alloy
Material Specification:
Qq-a-225/6.Temp 351 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625 type i military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A513b0
Mil-std (military Standard):
Mil-a-8625 spec.
