**Overall Length:**

3.620 inches

**End Application:**

Special aircraft and engine tool and support equipment and parts

**Special Features:**

Cover, fuel valve assembly, engine test assembly gts/apu mk2/mk4 adapter assembly

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-225/6.Temp 351 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Mil-a-8625 type i military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A513b0

**Mil-std (military Standard):**

Mil-a-8625 spec.
