**End Application:**

Aircraft model f-18

**Valve Operation Method:**

Air

**Face To Face Distance:**

3.760 inches

**First Connection Face To Centerline Distance:**

3.620 inches

**Special Features:**

Surge control valve

**Material:**

Aluminum alloy a356.0

**Material Specification:**

Mil-a-21180 military specification single material response

**Surface Treatment:**

Anodize

**Style Designator:**

A2a cross flanged ends

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A046b0

**Mil-std (military Standard):**

Mil-a-21180 spec.
