Body Material:

Steel, astm a351, grade cf3m

Flow Control Device:

Disk, circular

Flow Control Device Material:

Steel, corrosion resisting

Criticality Code Justification:

Zzzy

Special Features:

Valve sz 0.500 in.

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
