End Connection Quantity:

2

Valve Discharge Flow Rate:

34.0 gallons per minute

End Application:

Seawolf class ssn

Valve Operation Method:

Automatic

Body Material:

Aluminum alloy 6061

Flow Pattern Quantity:

4

Spool Quantity:

1

Special Features:

Used on installation/assy, pilot operated check valve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506h0
