Flow Control Device:
Disk
Maximum Operating Temp:
425.0 degrees fahrenheit single response
End Application:
Nimitz class cvn
Maximum Operating Pressure:
400.0 pounds per square inch 2nd response
Special Features:
Stop type for valve size 1.250in
Material:
Copper alloy 922 seat
Media For Which Designed:
Water, salt 2nd response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A046b0
