End Application:

Seawolf class ssn

Valve Size For Which Designed:

1.000 inches

Special Features:

Cobalt chromium tungsten nickel

Material Specification:

Mil-c-24252 comp 1, cond 1 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512e0

Mil-std (military Standard):

Mil-c-24252 spec.
