Outside Diameter:

70.0 millimeters

End Application:

Strategic sealift conversion ships class

Valve Type For Which Designed:

Fluid pressure regulating

Valve Size For Which Designed:

0.250 inches

Product Name:

Body

Port Quantity:

2

Valve Design Control Activity:

S8169

Valve Model Number For Which Designed:

Ns 770c

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A518e0
