Attachment Method:

Threaded holes

End Application:

Seawolf class ssn

Valve Type For Which Designed:

Ball

Special Features:

Consists of 6406593-mptd-a7 and 6406593-mptd-b7

Material:

Stainless steel

Material Specification:

Qq-s-763 cl 304 cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513b0
