Attachment Method:

Bolts

End Application:

Strategic sealift conversion ships class

Valve Type For Which Designed:

Relief

Valve Model Number For Which Designed:

1.5f2 jlt/jos-sp-15a

Material:

Copper alloy

Material Specification:

Asme sb148, uns c95200 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513b0
