End Connection Quantity:

3

Valve Discharge Flow Rate:

2.0 gallons per minute

Bolt Hole Quantity:

4

Flange Width:

1.750 inches and 2.250 inches

End Application:

Navy wsdc jgn, seawolf class ssn

Valve Operation Method:

Automatic and manual

Connection Type:

Flange, rectangular w/holes

Flange Length:

1.770 inches and 2.250 inches

Body Material:

Aluminum alloy

Flange Face Design:

Plain

Flow Pattern Quantity:

3

Spool Position Quantity:

2

Spool Quantity:

1

Special Features:

Port "c" 0.312 in. Dia; ports "p" and "r" 0.876 in. Dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506h0
