End Application:

Wasp class lhd

Valve Type For Which Designed:

Butterfly

Valve Size For Which Designed:

4.000 inches

Stem Actuating End Type:

Socket

Valve Model Number For Which Designed:

M2030-423b-2rm

Material:

Steel comp 316

Material Specification:

Aisi 316 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503z0
