Ball Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-441-1751

Downet Time:
Bonnet Type:
Inside screw
Bonnet Attachment Method:
Threaded
End Application:
Strategic sealift conversion ships class
Connection Style:
G9 plain, optional en (pipe) 1st end
Valve Operation Method:
Manual
Connection Type:
Threaded internal pipe 1st end
Special Features:
Used on heavy fuel oil & lube oil purifier controller; model: alfa laval ipc-231b
Style Designator:
Err-090
Thread Series Designator:
Nptf 1st end
Furnished Items And Quantity:
1 handle
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A046b0
