Tempurature Rating:

210.0 degrees fahrenheit

Opening Pressure Setting:

100.0 pounds per square inch

Tempurature Control Device Type:

Thermostatic

End Application:

Hubbell electric heater co water heater model no. Me120-4.5-4.5slt4s

Special Features:

Valve sz 0.750 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
